Sport and Private Pilot Updates

Practical Test Standards from ASA

The Practical Test Standards are guides written by the FAA for students, instructors, and FAA-designated examiners to know what is expected of pilots during a checkride. ASA reprints the most current FAA Practical Test Standards in handy, cockpit-sized booklets.

ASA's *Private Pilot Airplane Single-Engine Land* (ASA-8081-14AS) and *Private Pilot Airplane Multi-Engine Land* (ASA-8081-14AM) PTS guides now include FAA Change 1 dated February 22, 2008. This is a minor change. As such, ASA part numbers will remain the same and cover returns will not be accepted for old books.

ASA's *Sport Pilot Practical Test Standards for Airplane, Weight-Shift Control, Powered Parachute and Flight Instructor* (ASA-8081-SPORT) is a new title that includes both FAA-S-8081-29 for Sport Pilot Airplane, and FAA-S-8081-31 for Sport Pilot Weight-Shift Control and Powered Parachute. The -29 and -31 PTS guides were previously sold separately as ASA-8081-29 and ASA-8081-31 respectively and have been discontinued. The new ASA-8081-SPORT conveniently combines these into a single publication (a total of 296 pages). Cover returns for both ASA-8081-29 and ASA-8081-31 will be accepted from **Distributors only** through May 31, 2008.

All ASA Practical Test Standards are available in the "Baker's Dozen" package: a boxed set for countertop display that includes 13 books for the price of 12. Each PTS is soft cover, 5-1/4" x 8-1/4".

Title	Order Number	Suggested List Price
Private Pilot Airplane Single-Engine Land Practical Test Standards.....	ASA-8081-14AS.....	\$4.95
<i>ISBN 978-1-56027-462-9</i>
