The Student Pilot's Flight Manual New 10th Edition of an Aviation Classic Now Available

This first volume in *The Flight Manuals Series* is a ground school textbook, maneuvers manual, and syllabus all rolled into one, providing a step-by-step comprehensive course for student pilots working towards a Private or Sport Pilot certificate. This authoritative manual from the legendary flight instructor, William K. Kershner, edited by William C. Kershner, presents a wealth of practical information while encouraging student pilot decision making. The fundamentals of flying are clearly described in a methodical yet informal manner that a student can easily absorb. Includes detailed references to maneuvers and procedures, and is fully illustrated with the author's own drawings. At \$24.95, this is a must-have for all student pilots and flight instructors, providing a single reference for both flight and ground school.

The Student Pilot's Flight Manual is a gathering of material used in preflight and postflight briefings and in-flight instruction provided by one of the greatest flight instructors of our time. This book is not intended to merely help readers "get past" the FAA Knowledge Exam and checkride—it also has the essential information for use in the day-to-day process of flying airplanes.

Bill Kershner was FAA/General Aviation Flight Instructor of the Year in 1992, and named Elder Statesman of Aviation in 1997. He was inducted into the Flight Instructor Hall of Fame in 1998. His son, William C. Kershner, was soloed by his father, and holds Flight Instructor and Airline Transport Pilot certificates. He has flown 22 types of airplanes in his over 10,000 hours of flight time, ranging from Cessna 150s to Boeing 777s. Soft cover, 8-1/4" x 10-3/4", 472 pages.

Cover returns for unused, unsold copies of ASA-FM-STU will be accepted from *Distributors only* through May 31, 2010.
