Headset Accessories Now Available from ASA!

ASA now offers a full selection of accessories to complement the popular HS-1 or other aviation headsets.

MICROPHONE MUFF

- Made of acoustically transparent Sonic Foam™
- Protects against moisture, dirt, and debris
- Eliminates excess wind and background noise

The Microphone Muff is the easiest and most effective way to protect the headset microphone and improve transmission clarity. It's hypo-allergenic and washable for years of trouble-free use. Simply pull the Microphone Muff over the headset mic and secure with included O-ring.

ACOUSTIC FOAM HEADSET EARSEALS

- Soft and light, yet rugged
- Fits most major brands of headsets

These foam-filled earseals are a great way to add new life to old headsets. Replace worn-out earseals and enjoy increased comfort, improved noise protection, and better communications.

GEL HEADSET EARSEALS

- The ultimate in comfort and fit
- Fits most major brands of headsets

These gel-filled earseals are a great way to add new life to headsets. Replace worn-out or uncomfortable earseals and enjoy increased comfort, improved noise protection, and better communications. The properties of the inner gel material allow it to flow naturally, distribute pressure evenly, and conform to head and facial contours. The result is absolutely the finest fit available.

HELICOPTER ADAPTER

- Increase headset versatility
- Compatible with all general aviation headsets

This rugged adapter/extension allows pilots to easily convert a general aviation fixed-wing headset for use in a helicopter. Features shielded tensile strength wire and a polyurethane casing.
