Practical Aviation Law New Fifth Editions: Textbook and Workbook

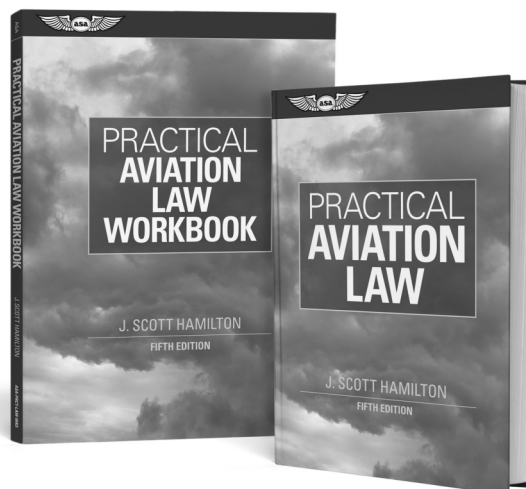

The *Practical Aviation Law* textbook and its companion workbook have been newly updated and expanded to reflect the latest statutory and regulatory changes.

Practical Aviation Law is an invaluable reference guide for aviation managers, pilots, mechanics, aircraft owners, air traffic controllers, air safety investigators, or others involved in aviation as a profession or hobby. It provides the basic legal knowledge and perspective to understand how the legal system works in relation to aviation. Helps readers recognize and avoid common legal pitfalls, and be able to discern when they need to call a lawyer. Hard cover, 6" x 9", 400 pages

The *Practical Aviation Law Workbook* is the perfect companion book for practicing the application of the legal principles set forth in the textbook. Many of the workbook questions are based on real dilemmas faced by the author's clients during his more than 30 years experience. The questions are designed as exercises to give aviation law students an idea of what can happen in real industry situations. Soft cover, 8.5" x 11", 96 pages

A Teacher's Manual in PDF format is also available to instructors upon request.

Cover returns for unused, unsold copies of the fourth editions (ASA-PRACT-AV-LAW and ASA-PRACT-LAW-WK) will be accepted from *Distributors only* through May 31, 2011.
