2011 FAR/AIM Series Now Available!

Newcastle, WA—ASA’s 2011 FAR/AIM Series is now available. Both the *FAR for Flight Crew* and *FAR for Aviation Maintenance Technicians* are currently available. The *FAR/AIM* book will be available September 15.

For nearly 30 years, ASA’s Federal Aviation Regulations and *Aeronautical Information Manual* (FAR/AIM) books have been the standard regulatory reference of the industry. ASA has built a reputation for providing the aviation community with the most accurate and reliable FAR/AIM products available. For 2011 we continue this tradition by including the most current regulations, AIM, and Transportation Security Administration rules affecting the aviation industry, compiled throughout the year and available at the time of printing.

ASA consolidates the FAA regulations and procedures into three easy-to-use reference books with information pertinent to pilots, flight crew, and aviation maintenance technicians (AMTs). In all ASA FAR/AIM Series books the changes are marked clearly for quick reference, and indexes provide clear and intuitive access to the subject matter and paragraph number or regulation. The *Aeronautical Information Manual* is reformatted for greater readability, and the full-color graphics provide excellent image detail and straightforward interpretation. The FAR/AIM has a user-friendly *combined* FAR and AIM index at the back of the book for quick and easy lookups.

FAR/AIM Series Updates are available at www.asa2fly.com/farupdate as free downloads and/or through a free email subscription service for automatic notification when a rule has changed. This free Update Service ensures pilots stay informed on regulation changes throughout the year. The quality books and Update Service are what sets ASA apart from any other source available for the rules and procedures surrounding the aviation industry.

The FAR/AIM and FAR-FC are available together in a single app for the Apple iPhone®, iPad®, and iPod Touch® at www.asa2fly.com/apps. Also available, the *FAR/AIM Flashcards* app.
