## 2007 Pro-Flight Library Now Available!

### Over 850 publications and 6,000 graphics on one CD-ROM!

Newcastle, WA — ASA provides the aviation community with the most accurate and reliable publications available. The 2007 Pro-Flight Library CD-ROM makes it even easier to access the world of aviation information with just the click of a mouse. This is the most comprehensive electronic aviation reference library available—all on a single CD-ROM. Provides a huge savings over the purchase of the individual books.

The Pro-Flight Library CD incorporates a powerful search engine and lets you:

- View the full text of all publications.
- Print text and graphics, from a single phrase to an entire publication.
- Find all newly-revised passages and view both the old and new text.
- Simultaneously search multiple publications.
- Instantly find any combination of words or phrases.
- Place electronic bookmarks for instant reference.
- Mark and save personalized notes, just as you would in a paper book.

The 2007 Pro-Flight Library CD contains the complete text and images for all

- Regulations: the complete Title 14 of the Code of Federal Regulations (all the FARs), Hazmat regulations, EPA, NTSB, and TSA regulations affecting aircraft, air carrier, and ADA regulations
- *Aeronautical Information Manual*
- FAA Handbooks and Orders: including the Instrument Procedures Handbook (FAA-8261-1), *Pilot's Handbook of Aeronautical Knowledge* (FAA-H-8083-25), *Aircraft Inspection, Repair and Alterations* (AC 43.13), *Rotorcraft Flying Handbook* (FAA-H-8083-21), just to name a few!
- TERPs Manual
- Airworthiness Directives (ADs): every one since 1941 and summary of STCs
- Practical Test Standards
- Advisory Circulars
- FAA Accident Prevention Program bulletins and Aviation Career Series
- Dale Crane's *Dictionary of Aeronautical Terms*
