**New Book about Cessna’s “Swiss Army Knife with Wings!”
Caravan by J.D. Lewis and LeRoy Cook**

Newcastle, WA—Join authors Lewis and Cook for a well-composed exploration of the incredible Cessna Caravan.

Known as one of the most versatile and robust aircraft ever produced, the Caravan has become the DC-3 workhorse of our current times. This pilot favorite does it all, on land or sea: bush flying, geophysical exploration and mapping, patrol, air ambulance, military, sightseeing, corporate, commuter airline, skydiving, cargo, missionary and humanitarian flying, and much more. The Caravan’s almost legendary reputation of safety and reliability remains a comforting constant for those who affectionately refer to the aircraft as their “flying SUV,” “Suburban with a turbine,” or “aerial truck.”

From its coverage of the Caravan’s colorful history, to its innovative-yet-conventional aircraft systems, to interesting pilot stories, tips, and beautiful photography throughout, this book is both entertaining and enlightening—Caravan edutainment at its best! Chapters parallel flight phases on a typical mission, and are chock-full of experience, insights and trivia from preflight to postflight – a truly amazing story for all pilots interested in this legendary powerhouse.

Every chapter contains a special topic along with the related phase of flight, comprised of Lewis and Cook’s coverage of pertinent Caravan characteristics, or stories told by pilots flying Caravans in unusual circumstances and faraway places. Two 8-page sections of color photography are included, and multiple appendices with further information on specifications and industry contacts for Caravan owners, as well as extensive footnotes and bibliography. Foreword by Steve Stafford, softcover, 7-1/4" x 9", 304 pages.

The best investment any Caravan enthusiast can make!

—Michael Goulian, US National Aerobatic Champion

As a movie stunt pilot who had to takeoff and land a 208 on just 400 feet of dirt up in the mountains north of L.A. for a new Will Ferrell movie, I first read CARAVAN cover to cover...and then read it again. Thanks, Lewis & Cook!

—Steve Stafford, Studio Wings, Inc.
